CSI: Roanoke Investigator's Log

Write a brief description of the mystery (who, what, when, where):

List and describe ALL physical evidence found at the crime scene (what did White find when he returned to Roanoke):

Describe the carving on the tree and what it meant. Did the colonists indicate there was danger? How do you know?

If there was foul play, who might have caused it and why?

If there was no foul play, what are two possible reasons for the mystery?

List all possible solutions to the mystery and include supporting facts:

Briefly describe any questions that you feel need to be answered to solve this case.

Investigator's Official Report

Detective's Conclusion: Explain, **in detail**, what you believe happened to the Lost Colony.

Include **Supporting Evidence** This is what or why or who is responsible for the disappearance of the Lost Colony. Provide evidence from your investigator's log that supports your conclusion – the more "facts" the better! Why other theories are not valid?
